

## CALIFORNIA'S CENTRAL COAST.

The land of milk and honey, and a wine region worthy of discovery. Moobuzz wines are deeply rooted in the coast vibe - authenticity in a glass.

## TAKE THE SCENIC ROUTE...

Moobuzz, from the land of milk and honey, produces Pinot Noir, Chardonnay, Grenache Syrah Mourvèdre, Pinot Grigio and Cabernet Sauvignon from the Central Coast, Monterey and Paso Robles, a region worthy of discovery. The coastal vibe is often more remote than one might imagine; full of rugged valleys and ridges, buzzing bees, and baby calves in the distance. The sun moves slowly across the sky and starts its decent into the Pacific. Cool and refreshing, the salt infused wind settles in on the coast, as the grape vines slowly evolve. Ripening slowly on Monterey's breezy hillsides, Moobuzz wines are whimsically elegant... deliciously seductive.

## THE REGION WORTHY OF DISCOVERY.

Moobuzz wines are from the 3 Badge Enology portfolio. August Sebastiani, who leads the company, is a member of the Sebastiani Family that has been making wine in Sonoma, California for more than 115 years. These wines are made to be easily, and responsibly, enjoyed.
