INSPIRATION

AZTEC WARRIORS

Aztec warriors were legendary fighters who dedicated their lives to their sun god. Fierce and courageous, they waged constant battles and sacrificed all prisoners to their patron deity. Theirs was a life of vehement commitment and no compromise.

DEDICATION TO THE CRAFT

Using hand-forged tools, we pursue the venerable art of tequila making. Our Añejo is crafted from estate grown ripe blue agave. Before baking, the green hearts are taken out of each and every agave, which eliminates a vegetal taste and offers more sweetness to the taste. After the agave has been evenly baked and crushed with "Frankenstein" [mechanical tahona], it is then fermented for four to five days using only natural yeasts. Once fermentation is complete it is then carefully double distilled with pure rainwater and natural spring water in 100% copper pot stills. With no glycerin, chemicals or flavors added, the result is pure handcrafted tequila. Barrel aging in American oak for a minimum of 12 months mellows its flavors, adding rich nuances.

PACKAGING

To honor the refined production process of our pure handcrafted tequila, we selected a sleek yet masculine extra flint bottle shape with strong, broad shoulders. Silver foil is used throughout, including the strip label that highlights the production location as well as our spirit being 100% agave tequila.

With an organic and tactile texture, our bold label design features an Aztec eagle warrior, the most feared fighters. Only the bravest noblemen and commoners of special merit could join their ranks.
