POINTS

"Aromas of a brambly strawberry patch leads to earthy roundness, creating a deluxe plum texture. Notes of wet leaves, oregano, and cinnamon are met by a mid-palate of sweet cherry and marzipan."

TASTING PANEL November 2021

Vintage Notes

The 2018 growing season began cooler than usual for Sonoma County, leading to longer bloom time for grapevines. Moderate summer temperatures with fewer heat spikes than previous vintages allowed for a relaxed pace, excellent development of flavors and retention of natural acidity. A later harvest produced wines with structure, acidity and balance.

Food Pairings

Pair with earthy cheeses and cured meats or enjoy alongside wild mushroom risotto, a grilled salmon or lamb skewers with roasted red peppers.
