If you have someone in your life who takes their mezcal very seriously, this sleek Advent Calendar from Bozal, known for unique mezcals made from agave varieties native to Oaxaca, Guerrero, and Durango, is a showstopper gift. There's a miniature bottle for the first 24 days of December (including a few limited-edition expressions) and tasting videos from August Sebastiani, the company's president. Plus, you'll get a set of traditional drinking vessels – copitas – so you can sip in style. (\$1,300, oldtowntequila.com)
